Dear President Li,

It is with great pleasure that I write to you while remembering the wonderful afternoon and evening that my wife, Nili, and me have spent with you and your family.

You have achieved a lot with your both hands, struggling, but always not losing the sight of your goal. I admire such people, such perseverance.
Now you can and should be proud of your wonderful family, with your grandson, the third generation, and your achievements.

I am sure we can find fields of interest with which we can cooperate in the future.

Let me wish you a very happy, healthy and prosperous new year,

yours,
Ehud Barak
